

Invitation to Ph.D. Thesis Oral Defense

Dissertation Title: Reuse of stone powder in cement or slag treated clay

Presented by: **Nakayenga Joyce**

Supervisor: Prof. Hata Toshiro

**For a Doctor of Philosophy in Engineering
Civil and Environmental Engineering Program**

Date: 2023/02/15 Time: 15:00 JST

Venue: **Room 114 & Online Via Zoom**

Graduate School of Advanced Science and Engineering
Hiroshima University, Japan

Reuse of stone powder in cement or slag treated clay

Important points

- Reuse waste materials – impact SDG 12
- Reduce cement consumption – impact SDG 13
- Improve strength and durability of treated clays
- Explain the mechanisms governing the improvement – increase reusability
